LEAGUE OF NATIONS PLANK LOOMS UP BIG AT CONVENTION HOT FIGHT CERTAIN

Republicans Are Much Divided In Regard to Best Attitude to Take.

HITCHCOCK TO PILOT THE WOOD CAMPAIGN

Senator Watson Is Mentioned for Chairman of Resolutions Committee.

(International News Service.)
CHICAGO, June 4.—A bitter fight looms ahead of the resolutions of the national republican convention when it tackles the league of nations plank here next week.

Hiram Johnson has laid down the law and emphasized his point.

Two well-defined factions have formed in the ranks of the G. O. P. and both are strongly represented here. First come the reservationists headed by Senator Lodge. They favor a league with reservations, but desire in the platform a plank bridging the chasm between the reservationists and the "no league" faction, and at the same time broad enough for any republican to stand upon without danger. Second comes the irreconcilable faction. Should a league of nations with reservations be endorsed by the convention it is pointed out that it would mean the nomination of Wood, Harding, Lowden, Hoover or a dark horse candidate who is a reservationist by conviction.

Practical politicians say that if the "no league" faction wins out in the committee room fight, Senator Johnson would be the logical nominee of the convention. Should he be unacceptable to the "old guard", then Philander Knox, of Pennsylvania, or perhaps Senator Harding might step in as a compromise.

It is generally admitted that Senator Johnson intends to force the convention to take an open stand for or against the league.

WOOD DELEGATES OUSTED

(International News Service.)
CHICAGO, June 4.—A slate of eight delegates from the Eighth district of Mississippi, pledged to Gen Wood, was declared irregular today by the republican national committee. The delegation headed by National Committeeman Mulvihill was recognized as the regular organization and the committee voted unanimously to seat them. The Mulvihill delegation is a mixed black and white group and is unpledged.

WATSON FOR CHAIRMAN

(International News Service.)
CHICAGO, June 4.—Senator James E. Watson, of Indiana, is most prominently mentioned today for chairman of the convention's resolution committee that will bring out the republican platform. Senator Watson was a compromiser on the league of nations covenant.

Portions of the platform dealing with foreign relations are being perfected by Senator Lodge, with the assistance of Senator Knox and others. It is understood that the plank dealing with foreign relations will not favor interference in European domestic matters or alliances of such nature as may lead this country to render armed assistance because of such alliance, but there will be a pledge of sympathy to those countries with which the United States co-operated in the war against Germany and a general promise to render what assistance may be possible and practicable to promote their welfare.

The plank dealing with Mexico will favor intervention unless Mexico speedily demonstrates that a stable government will be erected which will afford protection to American citizens and security for their property. Leaders here appear positive that the platform will be silent on the prohibition question.

HITCHCOCK CHOSEN

(International News Service.)
CHICAGO, June 4.—The selection of former Postmaster General Frank Hitchcock to lead the forces of Gen. Wood at the convention was generally commented on here today as a good stroke. Col. William Proctor remains as campaign manager. Gen. Wood declared.

WOOD BOODLE FUND RAISED TO \$1,252,919

Stebbins Adds Meagre \$78,000 to the Total Previously Given by Sprague.

(International News Service.)
WASHINGTON, June 4.—A total of \$1,252,919 has been spent thus far in financing the Wood presidential boom, Horace Stebbins testified today before the senate committee. Stebbins presented to the committee financial statements which corroborated the accounting previously rendered by Albert Sprague, Wood national treasurer, of the expenditure of a total of \$1,174,919. To the Sprague total, Stebbins however added an addition \$78,000 of Wood expenditures, which he explained brought the complete total up to \$1,252,919.

(International News Service.)
WASHINGTON, June 4.—Horace Stebbins, of New York City, eastern treasurer of the Wood presidential campaign, received \$135,000 from William Loeb Jr., formerly secretary to the late Col. Roosevelt. Stebbins testified to this effect today before the senate committee. The \$130,000 was included in \$225,000 which Loeb accounted for to the General Wood campaign committee at Chicago, previously testified to by Albert Sprague, wealthy Chicago wholesale grocer and Wood national treasurer, Stebbins stated.

TEMPLETON TAKES INDUSTRIAL CENSUS

WILL SEE THAT QUESTIONNAIRES ARE FILLED OUT AND RETURNED

W. H. Templeton, principal of the Albany high school and coach of the athletic teams, has accepted a position with the government census bureau to aid in taking the industrial census in this section. Questionnaires have been sent to practically all of the industrial plants and it will be a part of Mr. Templeton's duties to see that they are properly filled out and returned to the government department. The work will require from four to six weeks in this territory.

First Service In New Church Sunday

The first service in the new Baptist church at Flint will be held at 11 o'clock Sunday, June 14, according to an announcement made today by Rev. B. P. Collier, pastor. Dinner will be served on the grounds. Several choirs will participate in the service and the entire afternoon will be devoted to the service of song. A cordial invitation to the public has been extended.

DOUBT THROWN ON VALIDITY OF MANY OIL LEASE TITLES

Red River Litigation Brings Before Department of Justice Ancient Documents.

(International News Service.)
WASHINGTON, June 4.—Doubt is cast upon the validity of titles of thousands of oil leases in Texas by an ancient document brought to the attention of the department of justice today, following litigation between Oklahoma and Texas involving oil deposits in the Red River District.

The legal question involved has to do with the old Spanish law involving mineral rights, international rights as regards treaty annexation and modern law as exemplified in the acts of congress.

Under the old Spanish law which prevailed in the Republic of Texas, minerals were a separate estate from the land they chanced to be located on and belonged to the national government. A special mineral patent was necessary before an individual could gain title to these mineral rights. The Republic of Texas having almost unanimously voted in favor of annexation to the U. S. a treaty of annexation was drawn up. The treaty contained a deed of cession as follows: "The republic of Texas acting in conformity with the wishes of its people,

THE RAILWAY WAGE BOARD IS THROUGH PUBLIC HEARINGS

(International News Service.)
CHICAGO, June 4.—The federal railway labor board today concluded its public hearings of the wage demands of the nation's railway workers and went into executive session preparatory to giving its award. When this will be announced is indefinite, it was stated by Chairman Barton.

ORGANIZATION IS GOING FORWARD

J. O. THOMPSON RETURNS TO BIRMINGHAM, AFTER WORK IN NORTH ALABAMA

Organization of the American Cotton Association in Alabama is progressing rapidly and the work in Morgan, Lauderdale and Colbert counties has reached an advance stage as a result of the visit of J. O. Thompson, of Birmingham, second vice president of the Alabama division. Mr. Thompson has just returned to Birmingham following a week's work in North Alabama. Field workers will be placed in all parts of the state and the organization of the state completed as soon as possible.

MERCHANT MARINE SALE AUTHORIZED

SENATE ADOPTS THE CONFERENCE REPORT BY VOTE OF 44 TO 14.

WASHINGTON, June 4.—The senate this afternoon adopted the conference report on the merchant marine bill by a vote of 44 to 14. The bill provides for the sale of the American merchant marine and further provides that ships may be sold to foreign purchasers if the shipping board is unable to dispose of them to American purchasers.

Senators opposing the conference report were Ashurst, Culberson, Harris, Harrison, King, Nugent, Reed, Shepherd, Trammell, Walsh, democrats; Borah, Capper, Kenyon, Norris, republicans.

DOUBT THROWN ON VALIDITY OF MANY OIL LEASE TITLES

Red River Litigation Brings Before Department of Justice Ancient Documents.

deeds to the United States all of its territory separate subject to the same constitutional provisions as their other territories. This cession excludes all public lots, minerals, salt lakes and springs, public edifices, barracks, fortifications, ports and harbors, navy and navy yards, docks, magazines, public documents, public funds, and taxes unpaid at the time of exchange of the ratification of this treaty.

Although the senate rejected the treaty of annexation in June, 1844, the deed of cession, it is contended, is valid, ratification having been held under international law and unnecessary under a treaty of annexation. On March 1, 1845, Congress by joint resolution provided for the election of the new state of Texas under the following conditions: "the said state when admitted to the union shall retain all public funds, debts, taxes and dues of every kind which may belong to and be owing to the said Republic and shall also retain all vacant and unappropriated land to be applied to the payment of debts, etc."

LOCAL RESIDENTS CONTINUE TO TELL OF MANY CURES BY "BROTHER ISAIAH"

C. R. Huller Relates How Treatment Helped His Son, Howard Huller.

DENY THAT HEALER IS SELLING SOFT DRINKS

Is Giving Large Sums to Charity, Albany People Say In Interview.

"Your paper certainly was in demand among the colony from here that went to see Brother Isaiah", said C. R. Huller to a Daily reporter. His son Howard, 18, recently returned from New Orleans where the healer greatly benefitted him, according to Mr. Huller. "My wife accompanied my son, and she says that when ever the Albany-Decatur Daily put in its appearance there was a scramble and a near fight for it between those who were from here."

Said Mr. Huller: "As I was expecting not only healing, but full development for the arm of Howard, I was a little disappointed at first that his arm still showed the effects of its long deformity; but now since I have thought it over, it seems only reasonable that it should take time for a limb that was not full grown, to come into its own. Howard's arm was useless, now he can life a good sized bucket of water with it and do other light tasks with it. I notice that not only the deformed limb, but that all his limbs seem stronger and he is more active."

Saw Blind Made to See
In speaking of the healing power of Brother Isaiah, Mrs. Huller said that she saw two brothers, one who had been blind 9 and the other 18 years, have their sight restored by Brother Isaiah. She stated that the eyes of one of the brothers had turned white in blindness, but that she was sure his sight was restored for she saw him counting figures after the healing.

Asked about where Brother Isaiah got sustenance, Mrs. Huller said she did not know, as he received nothing for his services that she knew of.

In this connection Mr. Huller stated that he understood that Judge Emens, of Trinity, who he said had had his sight and hearing restored by Brother Isaiah, offered the healer \$10 but that the offer was rejected. Mrs. Huller stated that it was an error to believe that Brother Isaiah had any connection, or got any thing out of the sale of soft drinks or any thing of the kind.

Denied Healer Sold Drinks

In regard to the healer getting any income out of the sale of hamburgers or soft drinks, Matt Griffith, who was recently in New Orleans with Mrs. Griffith, whose eye sight was restored by Brother Isaiah according to their testimony, said that he wished it "bitterly denied" on his authority that Brother Isaiah had anything to do with the sale of any thing so far as he could see or find out. Mr. Griffith also included the testimony of Young Thomas Gunn, who he stated was also a witness against the idea that Brother Isaiah sold anything, at least not near his house boat.

Gave Much to Charity

Mrs. Chas. Huller was asked the question as to whether it was true, as reported, that Brother Isaiah gave liberally to the needy and she declared that it was true. She said that 40 beds were provided by him for those to sleep on who were not able to pay for lodging during the time they were awaiting their turn to be healed. Mrs. Huller also said that two long tables were provided where those who were very poor were fed free. Mrs. Huller said that Brother Isaiah also furnished money for railroad fare for many who were without funds and wished to return home.

Almon to Spend Vacation at Home

Congressman E. B. Almon, representative of the Eighth Congressional District, accompanied by his family, will return to his home at Tusculum next week, after being at his post in Washington for the past year. The resolution to adjourn was passed this week by Congress and will be in effect next Saturday.

ALBANY - MADE PRODUCTS TO BE PLACED ON DISPLAY

Chamber of Commerce Plans to Have Permanent Exhibit at Its Club Rooms.

DELEGATION MUCH ENCOURAGED OVER CHANCE TO OBTAIN BAPTIST HOSPITAL

Claims of Albany Laid Before Committee at Hearing in Birmingham.

WILL VISIT THE SITES OFFERED OVER STATE

No Definite Decision on Location is Announced by Committee.

The local delegation which went to Birmingham Thursday to lay Albany's claim for the new Baptist hospital before the state committee returned on an early morning train today very much encouraged over the chances of obtaining the institution. The Albany delegation was led by Rev. W. I. Wilks, pastor of the Central Baptist church and chairman of the delegation. The claims were laid before the committee by Rev. Wilks, Dr. F. L. Chenault, B. L. Malone and President Charles H. Eyster, of the Chamber of Commerce.

Albany's claim for the hospital was based on two principal appeals: 1st.—That there is no large general hospital in the state north of Birmingham and the Baptist hospital should be located here where it will do the greatest good to the greatest number. 2nd.—That all of the Baptist institutions are either in Birmingham or south of that city, yet in North Alabama is one third of the territory, one third of the population, more than one third of the white population and more than one third of the Baptists of the state.

Second Largest Delegation

The local delegation was the second largest attending the hearing of the committee, being exceeded only by the delegation from Bessemer, 12 miles from Birmingham. A very good impression was made on the committee, but no decision was announced.

Announcement was made by the committee that plans were being arranged for the committee to visit all of the proposed sites and the visitors are expected here at an early date.

The institution will be erected with funds obtained during the \$75,000,000 Baptist drive. Several of the cities seeking the hospital made cash offers to the committee, it was stated, but the Albany delegation informed the committeemen that while no attempt was being made to "buy" a hospital, a site would be donated here and substantial financial aid given until the hospital is on its feet.

In addition to Albany, other cities attempting to obtain the hospital are: Bessemer, Birmingham, Selma and Tuscaloosa. It is probable that Montgomery and Huntsville also will submit claims.

KEEN KIWANIS KLAN KONTTESTS LEGION ON BALL FIELD MONDAY

Dissatisfied With Result of Other Game, Indians to Tackle Ex-Service Men Again.

Some three or four weeks ago the American Legion and Kiwanis club engaged in an aquatic baseball festival down in the ball park. The Legionnaires proved more adept at swimming about in the mud and mire and copped the contest. The game was played for the benefit of the Alabama Child Welfare movement and the kiddies were about the only ones benefitted.

J. Pluv proved the champion buster-up of pretty playhouses and while the players wallowed about in the mud, the fans sat on wet seats, held on to their umbrellas and otherwise were made uncomfortable. It was a very wet day, very wet! In fact many agreed with the farmer's wife. The aforementioned f. w., after weeks of steady rain, remarked that while everybody knew the Lord was a good Lord, still he had mighty little judgment about farming. She might have added baseball games. Still the Legion copped the contest

The Albany Chamber of Commerce has just inaugurated a campaign to better acquaint the citizen of Albany with Albany products. It is planned to have on display in the rooms of the Chamber of Commerce samples of all products manufactured in Albany, and it is stated that it will be a very attractive display. The display is to be permanent as it will also give visitors from other cities an opportunity to know what is being manufactured in Albany.

Discussing the plan this morning, Secretary-Manager McDaniel said:

"While Albany has not got a large number of manufacturing plants, the Chamber of Commerce feels mighty proud of them and it is our aim to make the citizens more proud of them, and at the same time interest the outside world in what is being manufactured in our wonderful city."

I sincerely hope the manufacturers of the city will cooperate with us in this move as it is a splendid way of advertising Albany. I want each manufacturing plant in the city to furnish me with samples of their products at the earliest date convenient, and then I want the citizens of Albany to cooperate with us to the extent of bringing every visitor to Albany to the Chamber of Commerce to be shown this display. Announcement will be made later when the display will be ready."

TOWN CREEK GETS PRAISES OF STATE

\$34,000 SCHOOL IS BEING ERECTED NOW IN CITY OF 500 POPULATION

Citizens of Town Creek, bustling Lawrence county city, of 500 population are paid a high tribute in an article appearing in the current issue of the Alabama school progress, published by the state department of education.

Town Creek residents are erecting a \$34,000 school building which will be ready for occupancy by next fall.

Each copy of the publication also contains a poster which declared:

"The biggest job Alabama can do is give her children a good education. Alabama must have your aid if this biggest job is to be done. Will you help by your active interest in behalf of measures looking to better support for the schools? Better support means better teachers in better schools. Better teachers in better schools means better future citizens. In no other way can you do so much to boost Alabama."

President Accepts Polk Resignation

(International News Service.)

WASHINGTON, June 4.—President Wilson today accepted the resignation of assistant secretary of state Frank L. Polk, effective June 15. Mr. Polk's resignation was due to ill health and need for a rest.

KEEN KIWANIS KLAN KONTTESTS LEGION ON BALL FIELD MONDAY

Dissatisfied With Result of Other Game, Indians to Tackle Ex-Service Men Again.

and the Kiwanians have been persistently discontented with the ending of the affair. The Legionnaires even have been accused of ordering the rain, so the Indian machine could not perform on all cylinders. The charge is refuted by the various and sundry members of Post Commander Raymond Brown's organization but to avoid all future debates on the real merits of the squads, another game has been arranged.

Monday afternoon on the local field, promptly at four o'clock, the teams will go into action again. If the Kiwanis wins, pity the doughboys and gobs—they'll never hear the last "I told you so!" The Indians are sharpening their tomahawks preparatory to taking the Legion's scalp. Tickets will be sold for 25 cents by the local Boy Scouts' organization; all of the proceeds of the game going to the aid of the dependent children of the state, a cause which the Kiwanis club has been fostering in Morgan County.

PATTERSON LEADER OF TICKET IN RACE FOR STATE OFFICE CANVASS REVEALS

Local Man Defeated Two Opponents by Majority of Over 15,000.

UNDERWOOD'S MAJORITY AGAIN IS CUT DOWN

Wallace Defeats Kimbrough for Conservation Commissioner by 300 Lead.

A. G. Patterson, of Albany, was elected president of the Alabama Public Service commission in the Democratic primary May 11, by a majority over both his opponents of 15,634 first choice votes, according to the official canvass of the ballots made by the sub-committee of the state Democratic Executive committee.

Oscar W. Underwood's majority, estimated at nearly 1600 on the face of unofficial returns, was cut down by the sub-committee to 883 first choice ballots. The vote on the long term race follows: Underwood, 66,916 first, 2,120 second; Musgrove, 56,257 first, 5,172 second; Weakley, 3,776 first, 21,199 second.

John H. Wallace defeated A. J. Kimbrough for commissioner of conservation by a majority of 301. W. T. Sanders, of Athens, was elected national committeeman over E. W. Barrett, editor of the Birmingham Age-Herald, by a majority of more than 3,000. Henry P. Merritt was elected associate justice of the court of appeals; B. M. Miller and William H. Thomas were elected associate justices of the supreme court.

R. T. Simpson, of Florence, and T. M. Jones, of Decatur, were named delegates from the eighth district to the Democratic national convention at San Francisco. James S. Benson, of Scottsboro and J. E. Pierce, of Huntsville, were elected alternates. Delegates from the state at large are: M. C. Allgood, Sidney J. Bowie, Borden Burr and James J. Mayfield. The alternates are: J. L. Andrews, J. Lee Long, A. M. Tunstall, Leopold Strauss.

J. Thomas Helfin was elected senator to succeed the late Senator Bankhead, defeating Frank S. White, Emmett O'Neal and Ray Rushton.

In a proclamation issued after the official count, Gov. Kilby announced the result of the special election held to fill vacancies in the legislature. P. A. Burleson, of Hartselle, was elected over the Republican nominee, R. F. Gibson, to succeed Porter M. Brindley, deceased, as one of the county's representatives in the house.

VERA CRUZ MAYOR REFUSES THE AID OFFERED BY U. S.

(International News Service.)

VERA CRUZ, June 4.—Three new cases of Bubonic plague and three deaths at the lazaretto on the Island of Sacrifice were reported by the sanitary department today.

More than fifty suspected cases of the plague were under observation. Medical men are dissatisfied with the action of the mayor in refusing President Wilson's offer to send a destroyer from New Orleans with doctors, nurses and disinfectants to help combat the outbreak. Fears were expressed that the local sanitary authorities will be unable to control the epidemic without outside help. All business houses remain closed.

Steamer Tied Up On Account Strike

(International News Service.)
MOBILE, June 4.—The Munsen liner Olinda is tied up as the result of what is termed by union officials as an unauthorized strike of 60 members of the local longshoremen's union. The strikers are negroes. The men struck because one of their number became involved in an argument with a foreman.

COST OF MERCHANDISE TO REMAIN HIGH

However much the public may be pleased with the price-slashing wave that originated spontaneously and swept the country, there is no reason to expect that the cost of merchandise will decline. The pruning knife was used so liberally largely because of two factors—the backward season and the determination of the Federal Reserve Board to tighten the money market. Owing to the arrival of summer on a delayed schedule, the sale of reasonable goods was far below normal, so much so that many merchants became alarmed and arranged to unload stocks which were larger than usual at a sacrifice. This movement, in connection with the withdrawal of credits by the banks in obedience to the mandate of the Federal reserve board, afforded bargain hunters what might be termed a psychological opportunity, for that mental condition that is denominated "fear" really played the biggest role in the price avalanche. All that is necessary to create a stampede is leadership, as any sheep-herder or cow-puncher knows, and once it is started in the mercantile world the most conservative tradesmen are in a way compelled to fall into line in order to meet competition, the universal bugbear.

The Daily, for one, does not believe that price-cutting in the face of rising wholesale markets is a remedy for present conditions. It does not share the view that a lowered cost of living, when affected at the expense of a single line of business, is beneficial to the nation as a whole. On the contrary, if we are to drift back to cheaper merchandise then we must also revert to a lower scale of wages, the one thing that the workingman would most oppose. If there is to be retrenchment, it should begin with the wholesaler and manufacturer. And even these must not "press down the crown of thorns upon the laborer's brow," but must obtain their own consent to accept a reasonable margin of profit. The speculator, the manufacturer and the jobber are to blame in part for the continued enhancement in the cost of dry goods and wearing apparel, but some of the fault lies at the door of the inexorable law of supply and demand. Production must first be increased.

Merchants who are in touch with the markets are well aware that they cannot replenish their stocks at the prices paid when they bought them. Common sense tells us that cotton goods, with the condition of the crop the poorest in half a century and with the staple selling for more money than at any time since directly after the Civil War, must attain new high levels. That same common sense whispers that silks cannot decline owing to the increased consumption which prosperity brought. These are only two staples to which might be added sugar, coffee, white paper and a thousand other commodities. In each case the story is the same; the merchant must pay more, and hence cannot sell for less.

A POWER HOUSE THAT GREW

(Florence News)

We reprinted in the News of yesterday an editorial from the Albany-Decatur Daily in which Editor Harkreider declared that no "power house had yet become a metropolis."

Once again we are compelled to enlighten our friend from the "Twin Metropolis" of the great county of Morgan. If he will examine the census statistics for 1900 he will find that at that time the city of Niagara Falls, N. Y., was a tourist village of much less than 10,000 population.

If he will then look at the figures for 1910 he will note that at that time Niagara Falls had more than 20,000 people and if he will look again at 1920 he will note that Niagara Falls had slightly more than 50,000.

Now we must all admit that those figures indicate rather substantial growth. The growth began in earnest after the power of the great river had been harnessed and made available. It is true that surrounding cities also use the power of Niagara but

age gain that Niagara has registered in population.

Nobody denies that Albany-Decatur will profit by the development of Muscle Shoals. We sincerely hope that they will. We want this whole valley to grow and prosper along every line, but we maintain our contention that Florence will lead the way.

"We have great handicaps to overcome. Our transportation facilities are not adequate. We must have a trunk line railroad. We must have a great network of good roads coming into Florence from all directions and we must get closer in every way to the rural territory which this city serves."

We are organized to do these things. We expect to accomplish them before the power for the dam is ready to be utilized.

If there ever was a community in the world which believed in the virtue of unity, this is that community.

Florence knows she will set the pace for this valley because her people will stand together—absolutely united on every question which affects the welfare of their city.

With our transportation problem solved we have no worries left when the dam is completed. The prospective manufacturer can "look 'em all over" without any fear on the part of Florence that she will lose by comparison.

With transportation, we have every advantage to offer and no disadvantages.

Almost midway from each of the four big cities around us our products can go to market in every direction and with an open river we can show them all a freight rate that will make them head this way in droves.

ATHENS HEARD FROM

Albany-Decatur Daily and Florence News, two small-town dailies that are a credit to the towns in which they are published, are jumping on each other about their respective census showing. Each one is disappointed because they didn't show up larger than it did. As a matter of fact, each of them have done well; their growth has been substantial indeed. Unfortunately for them, with all their natural advantages and with the wonderful transportation facilities enjoyed by the Twin Cities, neither one of them will approximate the percentage of growth which Athens will show when its population is made known. A little bird has given us some inside dope on our percentage of increase that is going to make every other town in the eighth district look like thirty cents as compared with us on actual increase in population during the past ten years. We really didn't intend mentioning the matter until the official figures were printed, but in the interest of peace and harmony between Florence and the Twin City dailies we feel like advising them to quit shooting at each other, reserving their ammunition for a town that has kicked the rabbit out of the way and shown him just how to run—Limestone Democrat.

SAYS DANGER LURKS IN KISS

Conveys Germs that Make the Acids Eat Away the Enamel, Causing Cavities; Infect Gums, Producing Pyorrhea; Infection Spreads to Tonsils and Throat, Causing Systemic Poisoning—Mouth Should be Sterilized Night and Morning.

Dental Science has come to realize the part that the kiss plays in conveying the germs of disease but the dentists do not advocate abolishing the delightful custom. For even if kissing were abolished there are so many other methods of contagion that everyone would still be exposed to. Even the air we breathe is often infected and we certainly cannot give up breathing.

But Dental Science has come to our rescue. It has perfected a most delightful sterilizing solution for the toilet, called Steroline, which absolutely frees the mouth, teeth and throat of all germs, penetrating even the minute crevices between the teeth which cannot be reached in any other way.

Used as a mouth wash and gargle, night and morning, Steroline quickly becomes a most enjoyable and indispensable part of the daily toilet. It imparts a delightful sensation of cleanliness, freshness and comfort to the mouth and throat, purifying and sweetening the breath even of tobacco, preventing pyorrhea, throat trouble and many other contagions that might otherwise gain entrance to the system through the mouth.

Telephone your druggist now for a bottle of Steroline and begin today to enjoy its delights and protection. A large bottle, enough for the entire family, may be had for half a dollar.—Advertisement.

Holt Family Is Trapped in Cave; Three Drowned

PULASKI, Tenn., June 4.—The whole family of Andrew Holt was exterminated here Wednesday when fearing a cyclone as the result of the very inclement weather in this section for the past two weeks, they fled to a large cave near their home. Andrew Holt, son and two daughters, were caught in the cave like rats in a trap and were unable to get away from the flood. The two men and one of the young ladies were killed while, the remaining of the two daughters is not expected to live. The body of the father has not yet been recovered, and it is thought that it was sucked into a whirl pool and washed away to a creek about a mile away from the Holt residence.

RYLAND HELD ON ASSAULT CHARGE

LOCAL MAN ARRESTED FOLLOWING SHOOTING AFFRAY IN SOUTH ALBANY

G. W. Ryland, well known local resident, is held on a \$500 bond on an assault charge, following a shooting affray in South Albany, during which an L. & N. Watchman named Rowe is said to have occurred at Ryland's home has been given, it was stated by said to have occurred at Ryland's home has been given, it was stated by the Albany police today.

Denmark reports having unlimited quantities of butter, cabbage and potatoes for export at low prices.

I Owe My Life to PE-RU-NA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Peru-NA. After some of the best doctors in the country gave me up and told me I could not live another month, Peru-NA saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while playing my trade as auctioneer, it is only natural that I had colds, fevers, etc. When this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part, settled on my lungs. When almost too late, I began doctoring, but, without avail, until I heard of Peru-NA. It cured me! so I cannot praise it too highly."

It Cured Me

Mr. Samuel McKinley, 2504 E. 22nd St., Kansas City, Mo., Member of the Society of U. S. Jewelry Auctioneers.

GRANDEST ON EARTH SAYS NASHVILLE LADY

Mrs. Tallman is Telling All Her Friends About Pomeroy's Puratone

"Pomeroy's Puratone is the grandest medicine in the world," said Mrs. Mary Tallman, residing at 200 North Ninth Street, Nashville. Continuing she said:

"I had suffered with stomach trouble for three years and my health was dreadfully run-down. My sleep was very poor and I would wake up all during the night and shake with nervous chills. My liver was torpid and my tongue always coated and I nearly always had a disagreeable taste in my mouth. Nothing I ate agreed with me and I had awful attacks of heartburn. I continually suffered with headache and was constipated nearly always. My heart would beat so fast at times it frightened me. I was losing weight and strength all the time, and although I tried many different medicines, nothing seemed to

help me.

"After taking two bottles of Pomeroy's Puratone I have a splendid appetite and can eat anything I want and everything agrees with me perfectly. My stomach and liver seem to be in perfect condition. I am no longer constipated and I never have a headache now. My nerves are perfectly calm and I sleep like a child every night. I never have an attack of heartburn or a dizzy spell now and I don't have that bad taste in my mouth. My strength has been increased and I feel splendidly in every way. I am recommending this wonderful medicine to all my friends."

Puratone is sold in Albany by Preuit-Dillehay Drug Company; in Somerville by W. T. Ransom; in Decatur by Decatur Drug Company; in Falkville by Owl Drug Company; in Flint by W. E. Baldwin, and by one leading druggist in every town.—Advertisement.

THE CELESTIAL SURGEON

If I have faltered more or less
as my great task of happiness;
If I have moved among my race.
And shown no glorious morning face;
If beams from happy human eyes
Have moved me not; if morning skies,
Books, and my food, and summer rain
Knocked on my sullen heart in vain—
Lord, thy most pointed pleasure take
And stab my spirit broad awake;
Or, Lord, if too obdurate I,
Choose thou, before that spirit die,
A piercing pain a killing sin.
And to my dead heart run them in.
—Robert Louis Stevenson.

Sanders Cortner and Malcolm Adams will leave for Huntsville tonight to attend the dance at the Elks Hall.

Advices received from Columbia, Tenn., state that Mrs. W. R. Shelton is steadily improving and will be home soon.

Judge N. P. Tompkins, of Tusculum, was in Decatur, Thursday, on business.

B. L. Malone is in Atlanta for several days on business.

Earl Parker, who has been attending the Georgia Military Academy for the past year, returned home Thursday for the summer.

Mrs. M. L. Hardage has returned to her Jackson Street home, after having been the guest of friends and relatives at Tupelo, Miss., for the past six weeks.

Dewey Miller has returned to Hartselle, after a business trip to Albany.

Dr. and Mrs. J. D. Sherrill, of Hartselle, were in the city Monday.

Warehouse Burned At Anniston, Ala.

(International News Service.)
ANNISTON, June 4.—Fire Thursday afternoon destroyed the big warehouse next to the Anniston Mfg. Co's cotton mill. By excellent work on the part of the fire department, the mill itself was saved. The origin of the fire has not been determined. No estimate has been made by the mill company of the damage.

The variation of 1-500 of an inch in the thickness of a mainspring will affect the time-keeping of a watch.

ObeY Laws of Hair Cleanliness

Science Shows That Grit, Dust, Dirt Cause Dandruff and Stop Up the Color Glands. This Produces Scuff, Brittle Hair, Dead Hair, Falling, Thin Hair, Baldness, Gray Hair and Worry Over Your Appearance. How to Restore Your Hair and Have Beautiful, Soft Tresses.

Most men and women utterly neglect their hair and yet it is more exposed to dust, dirt and grit than our face or hands. But the hair covers it up until we are suddenly shocked at the appearance of our hair with dandruff, thin or falling hair, lack of luster and grayness. To have beautiful, soft lustrous hair all the time you must obey the natural laws of hair and scalp cleanliness and give it regular attention. Brush your hair regularly every night. Shampoo your hair thoroughly with Q-Ban (pronounced Ku-Ban) liquid shampoo, two times a week. Do not use ordinary soap shampoo. Your hair secretes an oil when mixed with ordinary shampoo, causes your hair to crack and get brittle. But Q-Ban Liquid Shampoo has a base of coconut oil and is already prepared in the right proportions. Q-Ban Liquid Shampoo makes regular billows of foaming lather that dries quickly, cleanse the scalp and hair of all dirt and grit, leaving your hair soft and fluffy. After shampooing apply a little Q-Ban Hair Tonic. This tonic supplies the hair cells with the nourishment needed. It also kills all the dandruff germs. Follow above simple directions and a beautiful head of healthy hair is yours for a life-time. Q-Ban Liquid Shampoo and Q-Ban Hair Tonic will cause your brittle, thin or falling hair to grow thick again, with the lustre, snap and life of a young girl's hair. Your scalp will be healthy and clean. But be careful to get "Q-Ban," as that is the name of the only safe shampoo and tonic made. It does not cost much and you can easily use it in the privacy of your home. Sold by all druggists and toilet counters.—Albany Drug Co., Albany, Ala.—Advertisement.

2 NEW OFFICERS ADDED TO FORCE

ROUTINE BUSINESS TRANSACTED AT REGULAR MEETING OF DECATUR COUNCIL

Officers Thompson and Edwards were added to the police roster of Decatur at the regular meeting of the city council last night. The new officers succeed Officers Oldacre and Lindsay, resigned. They assume their duties at once. Mr. Thompson was a member of the police force several years ago and has had much experience as an officer.

Routine business was transacted at last night's meeting of the council, the monthly bills being audited and ordered paid. The report of officers for the month of May showed the city's financial condition to be excellent.

Carranza Inlaw Allowed to Leave

(International News Service.)
VERA CRUZ, June 4.—Gen. Candido Aguilar, son-in-law of the late V. Carranza, has been granted permission to leave Mexico with his family and make his future home in Europe, it was reported from Mexico City today.

Embarrassing Situation.

I have been teaching at the same place for fifteen years, have a family and up to a short time ago was considered respectable, but my most embarrassing moment also greatly lowered my standing in this town.

At recess, when all the pupils had gone to the recreation room and I sat alone at my desk, one of the young lady teachers came in and, after making me swear to keep her secret until the close of the school year, told me she had married my cousin the day before, and now that we were cousins she wanted me to kiss the bride.

She was very pretty and I needed no second invitation. But as I lifted my head after giving her a resounding smack, there stood our superintendent in the doorway, and I, sworn to secrecy, could not explain.—Exchange.

The Good Heckler.

Ellihu Root said at a New York luncheon:

"I like to attend some radical meetings on account of the heckling that goes on at them. Hecklers are much cleverer than the speakers as a rule."

"A radical orator was being heckled the other evening by a broad-shouldered lad in a brown cap. The orator got the worst of it, and he lost his temper. Finally he said in a voice of rage and hatred:

"Take off your cap, young man, if you want to question me!"

"Take off your cap! Take off your cap! yelled the orator's supporters on the platform."

"But the broad-shouldered youth grinned and shouted:

"I didn't take off my cap when I went over the top!"

MADE BY SCOTT & BOWNE
MAKERS OF SCOTT'S EMULSION

Children Who Are Pale and Weak need a good Quinine and Iron Tonic. Give them GROVES TASTELESS CHILL TONIC. It is the best of Quinine and Iron in tasteless form. It purifies and enriches the blood and builds up the whole system. A General Strengthening Tonic for Adults and Children. 60c.

Grease Spots.

When grease is spilled on a hard-wood floor it can be hardened and scraped off if cold water is poured on. If it is not detected immediately, cover the grease spot with starch or powdered chalk, which will absorb most of the grease. It can then be washed off with hot soapsuds.

Dependable!

Since Calumet came, we've quit switching brands of baking powder—stopped looking for anything better. They don't make it. It has come to stay—because it always stays the same—and the "same" with

CALUMET BAKING POWDER

means the best. Its uniformity of quality—powerful and unfailing strength insure greatest baking success—tender, tempting, fully raised bakings always—and real baking economy. Moderate in cost. One can will convince you. Order now. Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

See how you can buy it. You save when you see it.

HIGHEST QUALITY AWARDS

BABE RUTH, HOME RUN KING, STARTS AT PHENOMENAL PACE

Clout Monarch Has Already Poled Half as Many Circuit Clouts as Last Year.

(BY BARRETT SHELTON)

The great question nowadays that is on every fan's lips is "will Babe Ruth show up as well as the Yankees expect." The purchase price of the former Red Sox circuit smash king was \$125,000 and the whole of American fandom marveled at this figure.

Many look at the proposition in this manner. The Yankees were about down and out and so the only thing to do would be one last big chance. This chance was Ruth, and at the present time it seems as if the New York manager had taken the right chance at last.

Ruth started very slow this year, due mostly to sprains and bruises received during the spring training, but now he has, by his mighty stick work raised the Yankees from the depths of cellarism to a team that is racing the Cleveland Indians at a terrific clip.

The work of Ruth will be much better this season than it was last if he keeps up the start that he has made. April, 1919, credited Ruth with one fourply mash. May of the same year showed him up as having garnered two hits of the same variety. Today, Ruth has to his credit for April and May a total of 12. All of these were made in May, and they almost total half as much as his whole last season's record.

In a game against the Washington Senators Wednesday the home king was at bat eight times during the two games, and a recapitulation of the afternoon's work showed that Ruth had been walked once and had five clean hits for a total of fifteen bases. Three of these five safeties were for four lumps each a record that has never been equaled in either of the big leagues since their beginning.

The total number of home runs that the present Yankee star had listed to his credit last year was 29. Today he has 15, and it is only the first of the season. Pitchers of all the clubs in the American league are unable to curb the willow of Ruth, although they declared that they could before the opening of the 1920 pennant race.

With "Babe" hitting as he is now there isn't a chance for another team

Selfmade and Homemade.

Our observation is that most girls would rather go out with a self-made man than a home-made hat.—Dallas News.

ALLEGED YEGGS HELD IN GOTHAM

THOUGHT TO KNOW SOMETHING
OF MT. PLEASANT BANK
ROBBERY

MT. PLEASANT, Tenn., June 4.—A telegram received here by local officers states several men are being held in New York for further investigation in connection with the blowing of the safe of the Farmers and Merchant's Bank of this city. The men were taken into custody when the New York sleuths got hold of some War Saving Stamps that had been registered a Mt. Pleasant. This robbery was one of a series of thefts that continued throughout the early spring in Alabama, Tennessee and Kentucky. The Liberty Bonds and War Saving Stamps taken from the vaults of the bank amounted to between \$75,000 and \$100,000.

GO TO BED GROUCHY WAKE UP FEELING SIMPLY FINE

Wonderful How Calotabs, the De-Nauseated Calomet Tablet, Makes You Feel so Good the Next Morning.

The old-style calomet was the best medicine in the world and the only thing that could straighten out a disordered liver, but it had some serious drawbacks. The griping and the sickening after-effects made many people dread to take it. Now you can take calomet without the slightest objection. One Calotab on the tongue at bedtime with a swallow of water—that's all. No taste, no danger, no nausea, no salts. Next morning your liver is clean, your system purified and you are feeling like a two-year old—with a hearty appetite for breakfast. Eat what you please—no danger.

Calotabs are so perfect that your druggist is authorized to refund the price if you are not delighted. Sold only in original sealed packages, price thirty-five cents. All druggists now have Calotabs.—Advertisement.

How About Your Catarrh? Do You Want Real Relief?

Then Throw Away Your Sprays and Other Makeshift Treatment.

Why? Simply because you have overlooked the cause of catarrh, and all of your treatment has been misdirected. Remove the cause of the clogged-up accumulations that choke up your air passages, and they will naturally disappear for good. But no matter how many local applications you use to tem-

porarily clear them away, they will promptly re-appear until their cause is removed.

S. S. S. is an antidote to the millions of tiny Catarrh germs with which your blood is infested. A thorough course of this remedy will cleanse and purify your blood, and remove the disease germs which cause Catarrh.

Stomachs Converted Into Pepsin Factories

Plausible Treatment for Indigestion.

Just as long as pepsin, pancreatic and other digestive ferments are supplied to the stomach from outside sources, just that long will spells of indigestion continue. To effect permanent relief, the stomach must be conditioned to produce its own ferments.

Nature has given us a mineral water, known as Sul-Ferro-Sol. When this water is taken in teaspoonful doses it is a noticeable fact that the depleted tissues of the

stomach are quickly conditioned to perform their functional duties. And this indigestion is permanently cured in many instances.

For Sul-Ferro-Sol causes the home-production of digestive ferments.

It is asked that you give this remedy a trial.

Booklet giving details mailed on request. Liberal bottle one dollar, (3 for \$5), at all drug stores or postpaid upon receipt of price. The Sul-Ferro-Sol Co., Desk B, Montgomery, Ala.

Denies Reds Have Taken Teheran

(International News Service) LONDON, June 4.—The foreign office today denied that Russian Bolshevik troops had occupied Teheran, capital of Persia.

Days of Gluttony.

Seventy five years ago it was not unusual for a formal English breakfast to last two hours, while a dinner might start at 8:30 o'clock and be protracted till midnight. And the courses were as many and substantial as the meals were lengthy.

Falkville News

FALKVILLE, Ala., June 4.—The heavy rains of the past three days have stopped all farm work and the ground is water soaked and the bottom lands are flooded. The meadow lands where the hay has been ready to cut for the past ten days will ruin unless it can be harvested soon.

During an electrical and rain storm here a day or two ago, the house belonging to J. B. Patterson and occupied by Billie Sharpley, col., was struck by lightning, and a portion of the chimney destroyed and some plank ripped from the house. Murell Sharpley was so shocked from the stroke that medical attention was necessary to revive him. After some hours of unconsciousness he was restored.

Mrs. M. F. Patterson, accompanied by her daughter, Miss Lottie, left for Birmingham yesterday to witness the graduating exercises of the Margarette Allen School, where her two daughters, Misses Ruth and Sarah, will receive their diplomas.

There has been an unprecedented demand for sweet potato slips in this section. Heretofore the dealers at Cullman have been able to supply the demand, but so great is the call for slips from everywhere they are not able to supply them. The largest sweet potato crop in the history of the county will be planted this year. The crop is practically assured when the slips are put out.

AMUSEMENTS

AT THE PRINCESS TODAY

A dangerous automobile ride down the side of a California mountain, furnishes some thrills and much excitement to all who see "He Comes Up Smiling," Douglas Fairbanks' new Arctcraft photoplay, which will be shown at the Princess theatre Friday. The picture is based upon the famous stage play in which Mr. Fairbanks appeared in New York in 1914. The picture was scenarioized by Frances Marion and directed by Allan Dawn.

There are many Fairbanksian stunts in this new picture, all of which are thrilling and many of them most unusual—even for this athletic screen star. Independent of these, the story is an excellent one and provides many dramatic moments in its development. The cast generally is of the best, the leading woman being Marjorie Daw, who is well known in Fairbanks and Hart pictures. Frank Campeau has an excellent role, as also has Bull Montana, with whom Fairbanks, as Jerry, the tramp, has an exciting battle.

Well Known Man Is Seriously Ill

FALKVILLE, Ala., June 4.—A telegram was sent to W. G. Griffin, Louisville & Nashville agent here who is off on his vacation trip to the west, that his father who lives in the east end of the county is critically ill and no hope is held for his recovery. Mr. Griffin left with his family three weeks ago for a thirty days trip to Yellowstone Park, San Francisco, Salt Lake City and other points of interest in the west.

That Which Befits Us.

That which befits us, embosomed in beauty and wonder as we are, is cheerfulness and courage, and the endeavor to realize our aspirations, shall not the heart which has received so much, trust the power by which it lives?—Emerson.

Gained Ten Pounds

Before Taking ZIRON, Alabama Man Was Weak, Nervous, Had No Appetite, But is Now Strong.

EVERY man and woman, who is in a run-down, weak condition, with bad complexion and poor appetite, due to lack of iron in their blood, should find Ziron helpful and strengthening.

It is a scientific, reconstructive tonic, composed of ingredients recommended by leading medical authorities.

Describing his experience with Ziron, Mr. George W. S. Lanier writes from Jones, Ala.: "Sometime back, I was in a terrible condition. I was weak and nervous, and had a tired feeling all the time. My skin was muddy. I

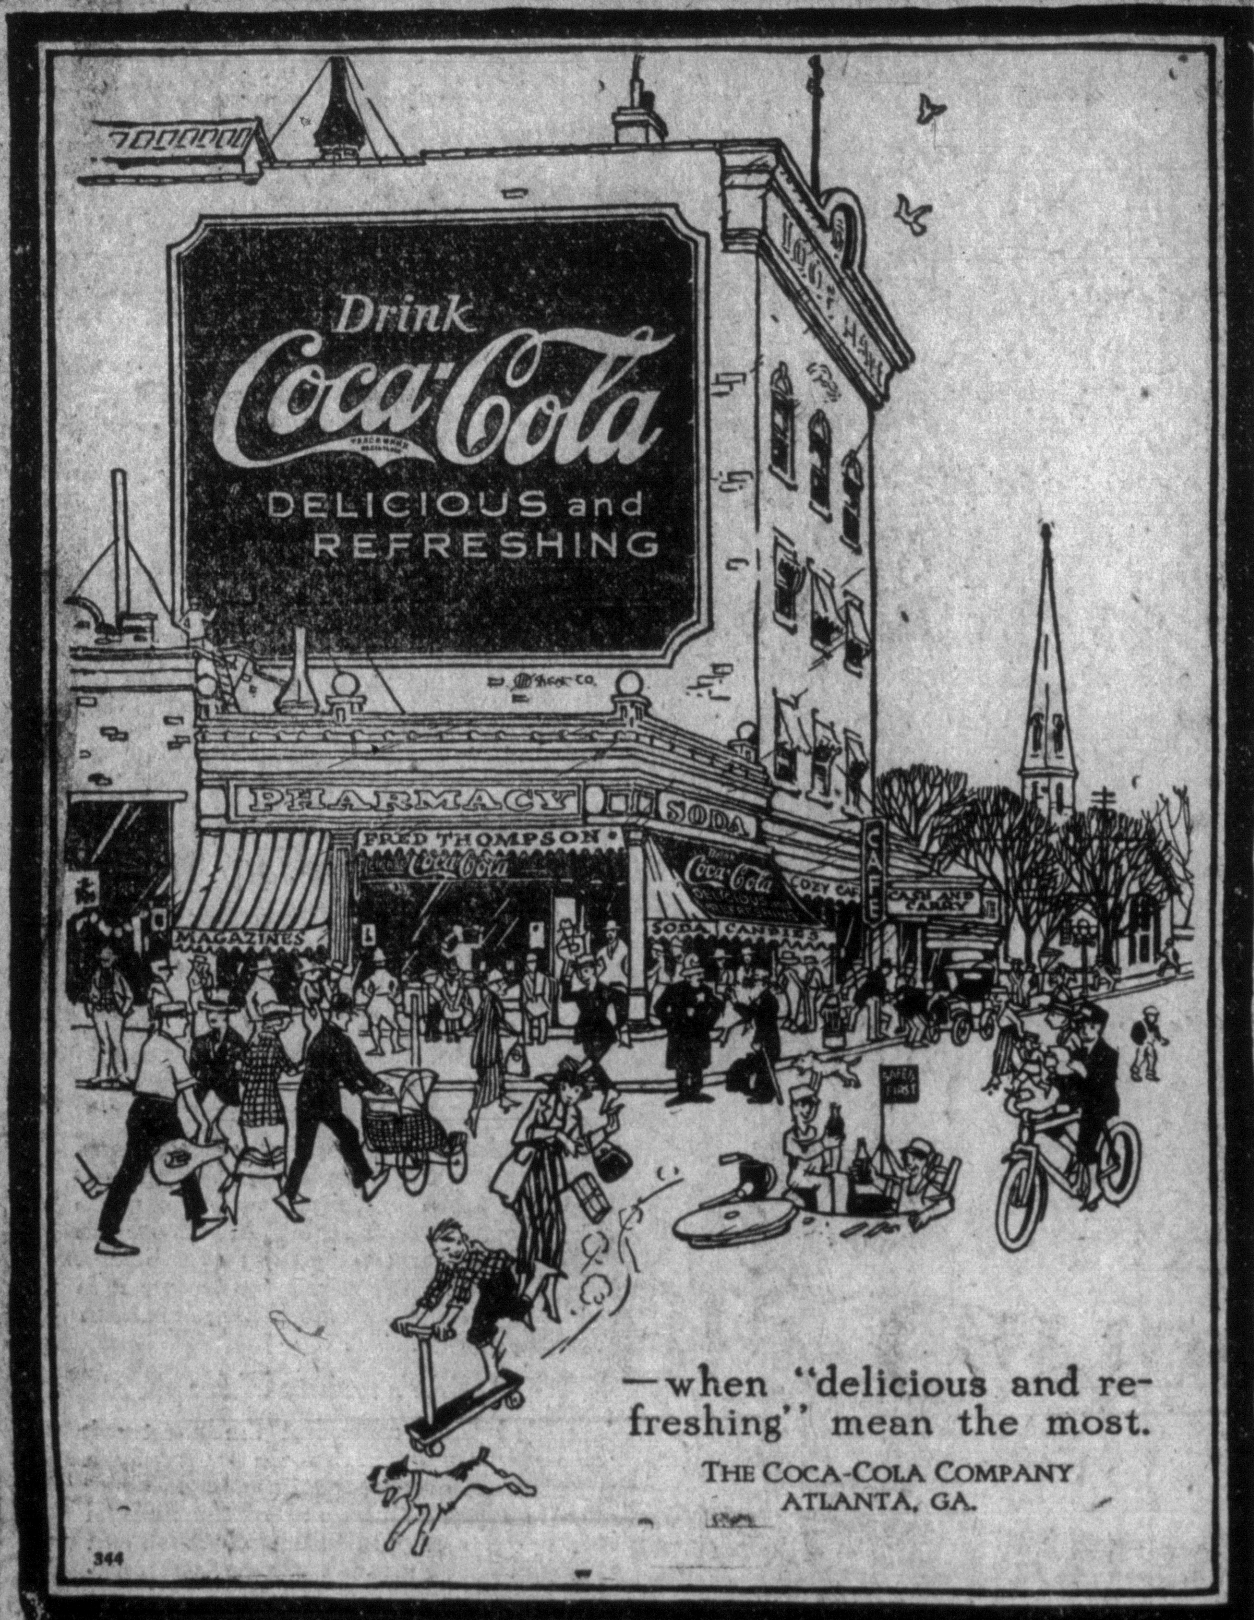

had no appetite, and at morning I didn't feel like getting up. I was reading of Ziron and decided I would try it."

"Will say that Ziron is a good medicine. I have gained ten pounds in four months. Am strong and have a good appetite."

Ziron is a mild iron tonic, good for young and old. It helps to restore the system, when run-down by overwork, under-nourishment, caused by stomach or bowel disorders, or as a result of some weakening illness.

Get Ziron from your druggist. He sells it on a money-back guarantee.
